

## SAFETY DATA SHEET

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1. Product identifier

**Product name:** Histamine Check Swab (60448)  
(1) Colorimetric reagent  
(2) Extraction reagent

#### 2. Relevant identified uses of the substance or mixture and uses advised against

**Identified uses:** Histamine Monitoring test (swab test).

#### 3. Details of the supplier of the safety data sheet

**Name of manufacturer in Japan:** Kikkoman Biochemifa Company  
**Address** 2-1-1, Nishi-Shinbashi, Minato-ku, Tokyo 105-0003, Japan  
**Telephone number** +81-3-5521-5493  
**Fax number** +81-3-5521-5498  
**e-mail address** biochemifa@mail.kikkoman.co.jp

### SECTION 2: Hazards identification

#### Hazards identification

**GHS Classification:** (1) Colorimetric reagent **Not applicable**  
(2) Extraction reagent **Not applicable**

[Note]

As of today, all other items in the above regarding “Physical Hazards”, “Health Hazards” and “Environmental hazards” are “Not applicable for classification” or “Classification not possible”

### SECTION 3: Composition/information on ingredients

**Distinction of a chemical substance or a mixture:** a mixture

#### Information on ingredients:

(1) Colorimetric reagent Contributes to a classification: None  
(2) Extraction reagent

Comp. No.	ingredients	CAS No.	Concentration (wt %)
1	Sodium tetraborate decahydrate	1303-96-4	0.9%

\* The impurities or stabilizer which contributes to a classification: None

### SECTION 4: First aid measures

#### Description of first aid measures

IF INHALED Inhale fresh air.  
IF ON SKIN Gently wash skin with plenty of water and soap.  
IF IN EYES Rinse eyes with plenty of water.  
IF SWALLOWED Rinse mouth and throat thoroughly with water.

\* If symptoms occur, see a doctor.

### SECTION 5: Firefighting measures

#### 1. Extinguishing media

Water spray, carbon dioxide, foam, dry chemical powder, dry sand.

## 2. Special hazards arising from the substance or mixture

Toxic, irritating dust or smoke may be emitted.

## 3. Advice for fire fighters

Wear normal protective equipment and self-contained breathing apparatus if necessary.

---

## SECTION 6: Accidental release measures

---

### 1. Personal precautions, protective equipment and emergency procedures

#### For emergency responders:

Wear suitable protective equipment described in "Section 8: Exposure controls/ personal protection".

### 2. Environmental precautions

- Protect spills from entering drains.
- Do not allow to enter public sewers and watercourses.
- Avoid releasing to the environment.

### 3. Methods and material for containment and cleaning up

In the case of powders, sweep it up with a vacuum cleaner. In the case of liquid, absorb it on sawdust or waste cloth and collect it to a container. In the case of small quantity, wipe it off.

---

## SECTION 7: Handling and storage

---

#### [Handling]

- Technical measures : Refer to section 8. Use appropriate protective equipment
- Precautions for safe handling : Do not handle until all safety precautions have been read and understood.

#### [Storage]

- Appropriate storage condition : Keep container tightly closed.  
Store at 2-8°C and protect from light.

---

## SECTION 8: Exposure controls/personal protection

---

- [Facilities measures] : Place washstand for hands and eyes as needed
- [Personal Protection]
  - Respiratory protection : Gas mask as needed.
  - Hand protection : Protective gloves as needed.
  - Eye protection : Protective glasses or safety goggles as needed
  - Skin and body protection : Protective clothing with long sleeves as needed

---

## SECTION 9: Physical and chemical properties

---

### Information on basic physical and chemical properties

- Appearance (1) Colorimetric reagent: White lyophilizate
- (physical state, form and colour) (2) Extraction reagent: Clear and colorless liquid
- Odour (1), (2) None
- Initial boiling point and boiling range No information
- Flash point No information
- Vapour pressure No information

Relative density	No information
Auto-ignition temperature	No information

---

**SECTION 10: Stability and reactivity**

---

Reactivity and chemicals stability	: Stable under recommended storage conditions.
Conditions to be avoided	: Sunlight, oxidizing agent, heat
Incompatible materials	: Oxidizing agent
Hazardous decomposition products	: Carbon monoxide, carbon dioxide, nitrogen oxides.

---

**SECTION 11: Toxicological information**

---

No information

---

**SECTION 12: Ecological information**

---

No information

---

**SECTION 13: Disposal considerations**

---

**Waste treatment methods**

Any disposal practice must be in compliance with country, local, state, and federal laws and regulations (contact country, local or state environmental agency for specific rules).

After contents are completely removed, dispose of its container in accordance with local/regional/national/international regulation.

---

**SECTION 14: Transport information**

---

1. UN number	Not applicable
2. UN proper shipping name	Not applicable
3. Transport hazard class(es)	Not applicable
4. Packing group	Not applicable
5. Environmental hazards	Not applicable

---

**SECTION 15: Regulatory information**

---

**Safety, health and environmental regulations/ legislation specific for the substance or mixture**

<b>Industrial Safety and Health Law</b>	Sodium tetraborate decahydrate (Appended Table 9 No.544)
<b>Poisonous and Deleterious Substances Control Law</b>	Not applicable
<b>PRTR Law</b>	Sodium tetraborate decahydrate (1-405)
<b>The Fire Laws</b>	Not applicable

---

**SECTION 16: Other information**

---
