

Rapid Test Easy for food allergens

High-performance qualitative assay

Cat.# M2241: Egg

Cat.# M2242: Casein

Cat.# M2243: Gluten

Cat.# M2246: Soya

- ✓ **Simple and Easy to use** (Just 1-step)
- ✓ **Specialized for swab and rinse water**
- ✓ **No need for special equipment** (Swab kit is included.)

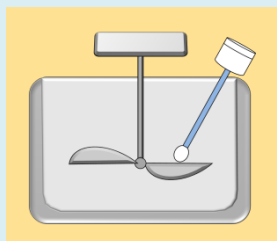

Performance

Sample preparation time	Not needed
Assay time	10 min
Limit of detection	0.5 ppm ($\mu\text{g protein / mL}$)
Test sticks	10 sticks/kit

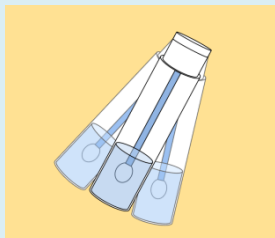

Swab

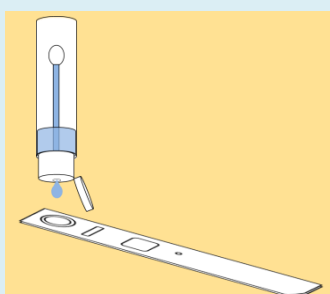

Swab the specified area

Shake vigorously

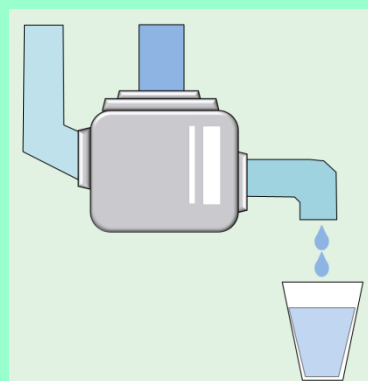

Add 200 μ L (4 drops) to the test stick

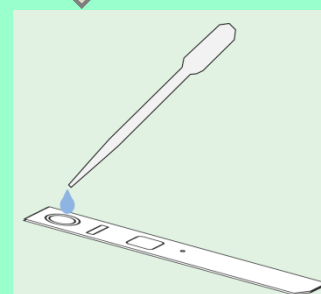

Rinse water

Collect rinse water

Simple, isn't it?

Add 200 μ L to the test stick

Just **10 min**
to check the result

Result

Positive

Negative

Component	Amount
Test stick	10 packs
Swab kit	10 bottles
Instruction	1 sheet
